## EXPERIENCE

### Full Stack Developer Intern

#### FnMoney

August 2024 – October 2024 Remote

- Responsible for full stack development tasks, contributing to both front-end and back-end development.
- Focused on building end to end Chatbot using LLM APIs and tuning it according to the requirements.

### Freelancer

#### Nutrigetic Wellness

December 2023 – July 2024 Remote

- Position and Responsibilities: Engaged as a freelancer, contribution to projects as assigned by Nutrigetic Wellness LLP.
- Primary responsibilities include building and maintaining a website as directed by the team of Nutrigetic Wellness LLP.

## PROJECTS

### Mentorship Platform

#### A mentorship matching platform

https://mentorship-program-1.onrender.com

- Built a full-stack mentorship platform with React, Node.js, Express, and PostgreSQL.
- Implemented user authentication, profile management, and mentor-mentee matching.
- Deployed on Render (frontend backend) and Vercel (database).

Note: The backend server might take a few seconds to start due to Render's free tier limitations.

### Nutrigetic

#### A life coaching website

https://nutrigetic.onrender.com

- Developed a website for a life coach with testimonials, blogs, and a contact form.
- Built with React, Node.js, Express, and MongoDB; used Nodemailer for emails.
- Deployed the full-stack application on Render.

Note: The backend server might take a few seconds to start due to Render's free tier limitations.

### Owlbot

#### An AI-powered owl chatbot

(link in progress)

- Built an AI chatbot answering questions about owls using LangChain and OpenAI API.
- Developed with React, FastAPI, and PostgreSQL, featuring conversation history.

## EDUCATION

### B.Tech in Information Technology
